WASHINGTON CITY ALTERIAL DISTORTION OF THE PARTY OF THE PART

American Is Head of the New Republic of Russia

WASHINGTON.—This is a queer world nowadays, Did you ever hear of Uhro-Rusinia and its acting governor, Gregory I. Zsatkovitch? Of course not. Well, Uhro-Rusinia is one of the smallest of the new self-governing

republics in Europe and Gregory I. Zsatkovich is an American citizen. He has just been here after his wife and children and is on his way back to resume his official duties. His official title is "President of the Directorate of Autonomous Rusinia,"

American Russians are settled in large numbers in about 150 cities of Pennsylvania, Ohio, New York, Connecticut, New Jersey and Illinois, and smaller numbers are to be found scattered all over the country. They are represented by the American National council of Uhro-Rusins. This council

union in Philadelphia the Rusins were recognized as a self-governing unit of the Czecho-Slovak republic. This was ratified by an American plebiscite. Uhro-Rusinia has a population of about one million. Its capital is Uzhorod. Set in the Carpathian mountains, Rusinia is noted for its picturesqueness, with its pretty, well-kept houses and its quiet, contented people in their bright

D. A. R. Exchange Stars and Stripes With Congress

IN THE house the other day Representative Mondell of Wyoming, the majority leader, called attention to a beautiful new flag suspended back of the speaker's desk. He read a letter from Mrs. George Thacher Guernsey,

president general of the D. A. R., presenting the flag as a substitute for the one presented in 1901 by one of the chapters of the society. He offered a resolution accepting the flag, which was unanimously passed by a rising vote. He then offered the following preamble and resolution and asked unanimous consent for its immediate consideration:

national costumes.

"Whereas the flag which was displayed in the hall of the house of representatives from the year 1901 until

displaced by the flag presented to the house by the National Society of the Daughters of the American Revolution, and this day accepted by the house, a period of time covering the first 19 years of the twentieth century, during which the house of representatives participated in the events preliminary to and in the enactment of legislation for the prosecution of the war with the imperial German government and with the royal Austro-Hungarian government, and during which time also many other historic and important acts originated, were perfected, or consummated herein; therefore, be it

Resolved, That because of the association of said flag with the legislative history of the United States during the period aforesaid, and in token of the house's appreciation of the patriotism of the members of said society and of the women of the United States, the clerk of the house of representatives is hereby authorized and directed to deliver said flag to the board of management of the National Society of the Daughters of the American Revolution, to be displayed and carefully preserved in the archives of said society, together with a copy of this preamble and resolution."

"FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, billiousness, coated tongue, sour, gassy stomach-always trace this to torpid liver; delayed,

fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening

headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and polsons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep .- Adv.

"Sometimes I have as many as 500 applications a day. The applicants are of all kinds-heiresses, chambermaids, handsome young ex-bartenders and so forth.

"A chambermaid applied yesterday. She was pretty, but she didn't seem to have any individuality, any temperament.

"'What can you do?' I asked her. 'Haven't you got some special talent or inclination-some bent, as they say?

"The girl blushed a little. "'Well, Mr. Wagner,' she said, 'I'm a little bit knockkneed."

CONGRESS is apparently taking the national budget system movement quite seriously. The Illinois plan of control of public expenditures through a budget system was explained to the house appropriations committee the

other day by Governor Lowden of Illinois, who suggested that machinery similar to the Illinois plan be set up in the federal government, with the secretary of the treasury exercising the exclusive authority and responsibility for appropriations analogous with the position held by Omar H. Wright, Illinois' state director of finance. The treasury department should be made the exclusive department for national finance, the governor

said, and the administration of the public health service and other subsidiary bureaus should be removed from the treasury department. In other words, said the governor, while all the other departments are working to secure increased appropriations, there should be one central bureau whose sole duty it should be to keep expenses

"It cannot be emphasized too strongly that somebody outside the influences of the departments should receive the estimates and make up a budget for which he would be responsible and who should answer to the president alone," Governor Lowden declared.

The appearance of Governor Lowden on the floor of the house following his testifying before the appropriations committee was the signal for an ovation which interrupted proceedings. Democrats and Republicans alike joined in an outburst of cheering and applause.

The creation of a special commission for the preparation of a national budget would be a "dangerous experiment," said the governor, maintaining that an independent commission would not be held to a proper responsibility for its acts. "If we require the president to submit a budget, saying what expenditures

he believes to be necessary for the proper running of the government, then the country will know that the president asks only that amount, and no more."

American Legion Post Opposes Reclamation Bill

S ENATOR FLETCHER of Florida read into the Congressional Record the other day resolutions adopted by Tampa post, No. 5, American Legion, which are substantially as follows: "Whereas various measures have been

introduced in the congress of the United States for the aid of the discharged soldier, sailor and marine, veterans of the late war; and, whereas, among such measures is H. R. 487, referred to as the Mondell bill, otherwise the national soldier settlement act; and, whereas, such a measure will not benefit all soldiers, sailors and marines, and even under the most favorable circumstances it is limited to approximately 80,000 out of 4,800,000; and, whereas, under the terms of said bill

on initial capital of not less than \$1,200 is required of each soldier, sailor and marine; and, whereas, said bill is not confined to the public lands of the United States, but provides for 'projects' to be purchased in the several states, thus opening the way for fraud, reckless expenditures of public funds, and real estate grafting of all natures and kinds; and, whereas, a certain measure has been introduced in the congress of the United States providing for loans for the purpose of securing to the discharged soldier, sailor and marine, voterans of the late war, city or country homes, and in the sum of from \$1,000 to \$5,000 at 4 per cent interest and payable over 40 years of time; and, whereas, this in the judgment of this post of the American Legion is the fairest and most equitable of all such measures, both to the soldier and to the United States; therefore, be it

"Resolved, That we condemn and oppose H. R. 487, known as the national soldier settlement act, and that we favor and acclaim this loan m
